Git   GitHub   Docker

VS Code   Postman

Experience

3 years of experience as a Specialist Programmer.

Specialist Programmer
Infosys
Jan 2022 - Present

As a skilled backend data engineer, I have taken on a range of responsibilities and achieved numerous successes. I have been nominated as MVP for Team in the quarter of the fiscal year 2022. My experience includes working with a variety of cutting-edge technologies, such as Azure Event Hub, CosmosDB and Synaps...

Skills: • Azure Databricks • Azure Cosmos DB • Azure Data Factory
• Azure EventHubs • Pyspark • GitLab

Digital Specialist Engineer
Infosys
Nov 2020 - Dec 2021

I am a well-trained and experienced backend engineer, with a focus on BigData. My responsibilities include designing, developing, and implementing efficient data solutions. I have gained expertise in various tools and technologies such as Databricks, Data lake and Azure Data Factory. Through my hard work and...

Skills: • Python • Hadoop • Spark • HiveQL • Azure Databricks
• Azure Cosmos DB • Azure Data Factory • Pyspark • Bitbucket
